

## NOTARIZED DOCUMENTS FROM FOREIGN COUNTRIES FOR PURPOSES OF REGISTRATION

Dear Valued Clients,

In terms of Regulation 4(2) of the Companies Act, 2004 (Act No. 28 of 2004), Business Registration applications and required identification documentation **from foreign jurisdictions** should be notarised by a notary public in that country or alternatively contain the seal and certificate of an Apostille, as recognized in terms of the 1961 Hague Convention on Abolishing the Requirement of Legalisation for Foreign Public Documents

BIPA will only accept originally notarised/apostilled documents upon filing of such applications with the Registrar.
